THANKS SO MUCH!

And with this volume, "Konya mo Nemurenai" draws to a close. Thanks for sticking with us!

Now that I've drawn him like this, I realize that I like little Endo better (LOL)

Lastly, please enjoy this large-sized Endo, at a cool 190 centimeters!

I feel like as a demon, he'd be close to 2 m in height. Though, since he's a demon, he can change his height as he pleases, so I guess it doesn't really matter all that much! I've just started a new serial publication in Rutile as well, and it's going to be a sequel of sorts, so I hope you can check that out as well! Okay, see you later!
